

2nd IMPB

International Meeting on Plant Breeding

3-5 October, 2018 - Piracicaba, Brazil

Advances in Experimental Design and Statistical Analysis in Genetics and Plant Breeding

Keynote Speakers

Dr. Tabaré Abadie - Corteva
Dr. Antônio Augusto Franco Garcia - ESALQ
Dr. Alexander Edward Lipka - University of Illinois
Dr. Josse Poland - Kansas State University

Dr. Jeffrey Endelman - University of Wisconsin
Dr. Natalia de Leon - University of Wisconsin
Dr. Maria Marta Pastina - Embrapa
MSc. Bardia Beigi - Stanford University

Call for abstracts

Students are invited to submit poster abstracts on their plant breeding and genetics related research. One research will be selected for a short oral presentation (English or Portuguese). Submit your poster abstract (<3000 characters) at impb.esalq@gmail.com by September 10th.
